Boarding by appointment only

Consider the advantages of leaving your bird in the care of our professional staff. Enjoy your time away without worrying that something might happen while you are gone. There are many reasons that it may be necessary for your bird to be removed from your home:

Travel – Home Repair / Remodel – Carpet Cleaning – Fumigation – Painting

Prior to boarding, all birds MUST have proof of an avian veterinary work up within the past year. This is to assure the health of all birds in our facility, including yours. This includes Polyoma, Psittacosis and PBF D testing. **Bird Is The Word** can also test for these diseases prior to boarding at a cost of \$40.00 per test. Please also be aware that no matter how much we try to simulate a home environment, boarding for your bird can be stressful. Any underlying issues such as feather destruction, phobias, anxiety and all birds can become stressed and these issues can become magnified. In extreme cases, cardiac failure and death can occur, so please discuss this with your veterinarian prior to boarding your bird.

If your bird becomes ill while under our care we will take the bird to Dr. Eisenberg of All Creatures Great and you will be responsible for any and all charges incurred. We will refuse to board any bird if it shows obvious signs of illness when it is dropped off.

These safety features and procedures can assure piece of mind:

- Appropriately size, steam cleaned sanitized cages provided. You may bring your cage for small birds such as canaries parakeets, etc.
- Our facilities have fire and burglar alarms.
- Birds are under video surveillance.
- We inspect all birds daily for any signs of problems.
- Our boarding room has an air filtration system and full spectrum lighting.
- TV, video tapes and the radio will be played to simulate a home like atmosphere.
- A diet of seed/pellets in addition to our gourmet fresh vegetable and fruit medley will be fed in the morning in addition to an evening snack.

Please feel free to bring a few of your bird's favorite toys. Every bird is required to come in with a toy. If you do not have one, you must purchase one. Every bird needs the opportunity to entertain themselves while here with us.

We ask that you make an appointment with us to establish specific times for dropping off and picking up your bird. Please plan on spending some time during the drop off period with us to explain each of your bird's personal care instructions, special needs and an overview of their personalities and vocabularies. However, if you have an emergency situation, special arrangements can be made. During holidays, we will fill up quickly so to ensure a spot reserve as early as possible.
